

+

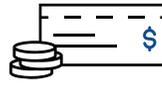

Improve your bottom line with MarginEdge. It's quick, easy and accurate!

Save 8-12 hrs / week
in the back office

Autonomous data
updates to accurately
monitor margins

Eliminate need to
manage separate EFTs
checks, cash, etc.

Pay invoices
electronically

Data Entry

Take a picture of your invoice and MarginEdge will do the data entry according to your Chart of Accounts.

POS Integration

Integrate your POS to get sales nightly to provide a daily controllable P&L and push sales entries to your accounting software.

Automatic Bookkeeping

Seamlessly integrated with your accounting system — invoices, receipts, credits and payments all flow automatically.

Up-to-date Inventory

New items are automatically added to inventory sheets and prices are updated daily.

Cost Analysis

Get theoretical usage on all food, liquor, beer and wine items.

Recipe Software

Manage recipes across locations with daily updating and recipe cost.
